** When proofing a layout that is in COLOR: There may be up to, but not limited to a 10% variance in color from what you see on the screen to what comes off our presses (especially when printing watermarks and/or scaled down colors). All computer screens will display colors differently. If color is important to you, please come by and see a printed proof. We will not be held responsible for the colors being different from what you expect, unless you sign off on a printed proof. **STOCK ** Our paper stock is a 100# white matt stock (standard). If you are not sure if this is thick enough for you we urge you to visit the store, we will not be responsible if the thickness is not to your standards or likeness.
